To Whom it may concern

We used the services of John Brosnan from Cooper Aitken for a farm employee issue we had, John was very professional, helpful, courteous and went the extra mile throughout the process.

We have recommended John and will continue to highly recommend John for any advice or issues anyone might have with regards to employment.

We also used John's service for a C.V for ourselves to apply for sharemilking positions, it was beyond what we had hoped for, John excels our expectations everytime. We would have no hesitations at all in using John's services again, he is always just a phone call away which is fantastic.
